

# Donations are Greatly Appreciated!

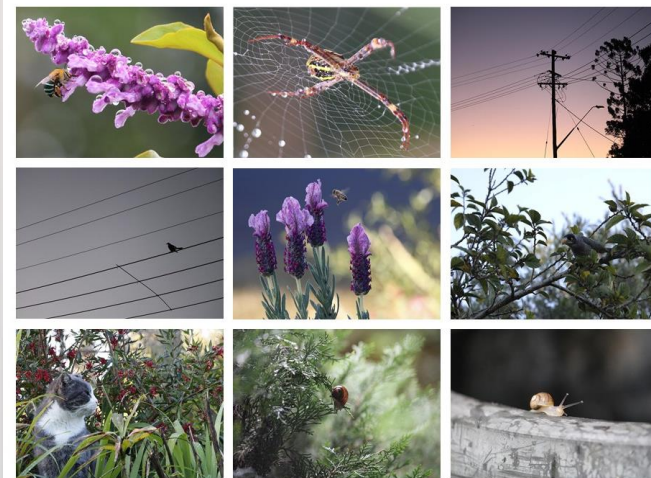

**AHS SRC** are working with Alstonville Rotary to raise awareness of Trachoma affecting remote parts of Australia. We are aiming to receive products that can help reduce the spread of Trachoma in these communities.

Trachoma is a contagious disease, spreading through contact with the eyes, eyelids, and nose or throat secretions of infected people. Untreated trachoma can lead to blindness. A leading cause of Trachoma is poor sanitary conditions, inadequate access to water, and lack of hygiene, such as unclean faces or hands.

To help prevent this disease we are asking for donations of:

- Shampoo and conditioner.
- Hand soap and a soap container.
- Toothbrush, toothpaste and a toothbrush holder.
- Hair brush/ comb and deodorant (non aerosol)

Please drop your donations to the office in week 6 (this week) and week 7 (next week).  
Our aim is to collect 70 bags in total. So, all donations big or small from the list above are welcomed.

Amber-Raven Coward — Everything's about perspective

## Upcoming Events

Nov 15-17	Year 12 RRISK seminar
Nov 22	Year 7 Vaccinations
Nov 24	P&C meeting
Nov 30	Year 6-7 transition day
Dec 7	Year 12 Formal

# ALSTONVILLE HIGH SCHOOL

Charlie Turner

TERM 4 WEEK 6

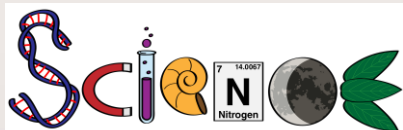

It's one of my favourite times of the year, where, with the onset of the HSC exams, we begin to farewell our outgoing year 12s and fondly watch them take their first tentative steps into the world beyond secondary schooling. Keep an eye out for our banner wishing them well, displayed across the balcony of the Federal Hotel.

Concurrently we start to introduce our incoming year 7 students to Alstonville High School and thankfully we can now have these students onsite for a transition visit on Tuesday 30<sup>th</sup> November. We have also been able to recommence sport and applied studies, both of which really benefit from the balmy weather we're enjoying as we approach the summer season. While we still have much to navigate along the way, our level 3 restrictions are finally becoming a little less restrictive, thankfully.

Sandra Rosner (Principal)

Senior Physics class trying to break the teacher's coffee mug with pendulum projectile practical.

## Water Polo

Training has started again week 5. 6.30am Tuesday mornings. Great to see all the keen players ready to have fun and get fit for the next knock out.

Ms Barron

## Major Projects for Year 12 Textiles and Design.

Class of Mrs Christmas.

Enjoy the marvellous creations for 2021.

Chopping boards made from recycled timber are amongst some of the great projects students made in the AHS workshops. Our year 9 Timber students have been responding well to this project and have created some fantastic boards that have included laser etching with personalised messages. We are always on the look out for old hardwood fence palings, decking and fence rails. If you have any timber lying around the yard or under the house that you would like to see have a second life please email Drew Fox at: [Andrew.fox1@det.nsw.edu.au](mailto:Andrew.fox1@det.nsw.edu.au)

The Show Team have been working hard with our steers and cows, calming, leading and grooming them this year. They did an amazing job presenting them for photos which we will submit in an online competition this year.
